

ARMA Indianapolis Chapter Meeting July 18, 2018

Escape the PowerPoint and Gamify Your RIM Learning with an Escape Room

You arrive at your desk on Monday morning to find a mysterious email about a Records Management audit happening in your area. You must locate the puzzles and solve the clues around you to pass. Can you escape the audit? Are you up to the challenge?

This immersive learning event will let you experience Records Management education/ awareness in a fun and challenging way. You will receive puzzle ideas and room layouts to guide you in creating your own version. It's time to make learning about Records Management fun!

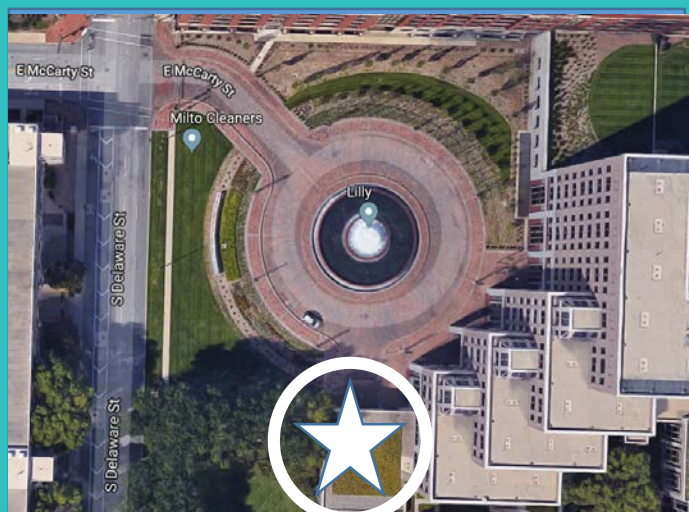

Upon completing this session, you will be able to:

1. Develop an escape room or comparable interactive learning activity to promote records management in your organization utilizing materials provided
2. Identify the components of an effective experiential learning event
3. Identify opportunities to utilize storytelling and gamification in their efforts to promote and educate your workforce about records management

Please RSVP by Friday, July 13
